## STITCHING

We can provide you with "Custom Made" garments that will reflect your corporate image. We have a large range of styles that we are able to produce in your colors, or possibly even develop a new style for you. Through the use of style, fabric & color, we can design a garment that meets all of your individual requirements. Our product line includes fabric for Suiting & Shirting, School Uniforms, Industrial Uniforms, Hospital Uniforms, Hotel Uniforms all kind of Napkins other Garments, T-Shirts, Hotel and Restaurant Uniforms, Corporate Uniforms, School Staff Uniforms, Industrial Wears, Sport Wears, Security Uniforms, Abaya, all Womens & Mens Wear clothing.

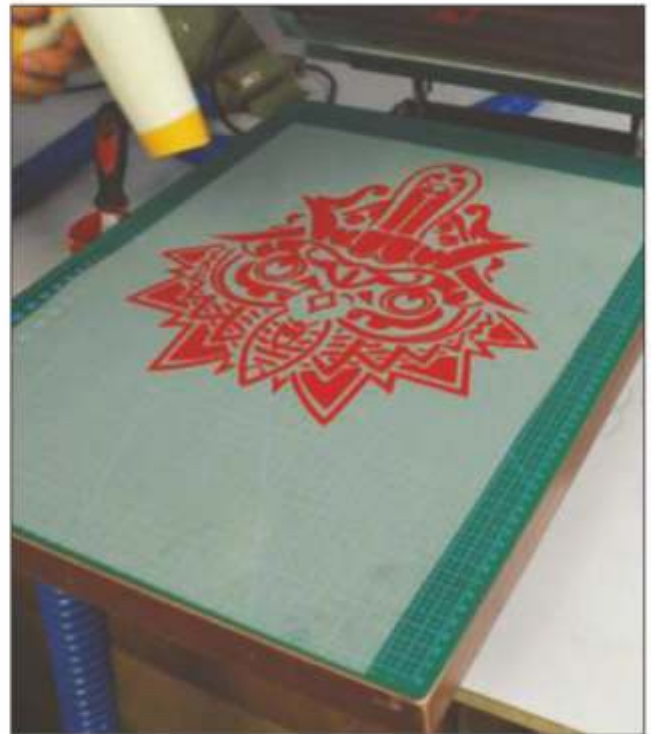

## EMBROIDERY

Embroidery is a high-speed sewing process by which decorative needlework is sewn directly onto a garment. This process is increasingly popular because of its professional appearance and virtually indestructible durability. It is now the application choice for most sport Abaya, Saree, Suits, Shirts, Caps, Bags, Outerwear and other branded or decorated garments. Woven Stitch can work with you to customize your designs for a truly unique, differentiated item that commands attention. Whether it is 100 or 5,000+ we make it our goal to deliver your goods on time with a standard 2 days turnaround. Expedited turnaround is available.

## PRINTING

Printing is a chemical process where your design is first printed onto special sublimation paper using fabric dyes. The design is then transferred onto clothing and apparel using extreme heat and pressure. When the artwork is applied to the garment using heat, the dye sublimates (changes from a solid to a gas, skipping the liquid stage), the process of the fabric open and the gas is absorbed into the material. When the fabric cools the dye is set. A permanent bond is created and the print becomes part of the fabric of the garment. Our standard screen printing is best for casual related items such as T-Shirts, Tank Tops, Sweat Shirts and Fabrics. We can print up to 8 colors in Vibrant, Colorful Fashion on Cotton, Polyester, Jute, Chiffon, Georgette, Crepe etc.
